EDUCATION

National Institute of Technology   Srinagar, Jammu and Kashmir, India
Bachelor of Technology in Computer Science and Engineering(7.9 GPA)   *Aug. 2019 – Jul. 2023*

WORK EXPERIENCE

Frontend Developer   Jan 2024 – Present
The Tarzan Way   *Noida, Uttar Pradesh, India*
- Implemented enhancements and resolved issues within the frontend project, introducing user-centric features aimed at facilitating streamlined data manipulation for enhanced usability.
- Successfully deployed updates without any downtime, ensuring continuous availability for users.
- Employed AWS services, notably S3 integrated with CloudFront and Lambda functions, to deploy the frontend project, thereby optimizing loading times and mitigating latency issues.
- Demonstrated expertise in frontend development, AWS deployment, and optimizing user experience.
- Contributed to improving the overall performance and reliability of the application.

SDE Intern   Jan 2023 – May 2023
MediBuddy   *Bangaluru, India*
- Designed, developed, and maintained a full-stack web application utilizing Next.js for the frontend and Nest.js for the backend. The platform was architected following a microservices approach, serving as a marketplace for third-party vendors to efficiently sell their products. **Link**
- Employed event logging to handle user interactions and gather data on user behavior.
- Collaborated with a team of developers and designers to gather requirements, design, and develop new features and enhancements.
- Developed various APIs with authentication to enable secure communication between the frontend and backend.
- Incorporated new APIs into an ongoing project to enhance existing features and functionality.

Python Developer Intern   Jan 2022 – Mar 2022
Namasys   *New Delhi, India*
- Developed efficient programs to automate tasks involving scraping data.
- Successfully debugged and resolved code issues related to data storage in the database, ensuring accurate data management.
- Worked with different APIs and SQL databases to retrieve and store data for data analysis.
- Implemented an end-to-end solution on Microsoft Azure, involving the creation of virtual machines and Developed a automation script to retrieve data from APIs and securely store it in Azure Blob Storage.

PROJECTS

Chat App | *Nest.js, Next.js, Socket.IO, Mongodb* | **Backend Link** | **Frontend Link**   Jul 2023
- Developed a real-time chat application using NestJS for the backend and NextJS for the frontend.
- Implemented WebSocket communication for real-time messaging.
- Designed a responsive and user-friendly UI with NextJS.
- Ensured secure authentication and authorization using JWT.

TECHNICAL SKILLS

Languages	**Python**, **JavaScript**, **Typescript**, Go, C++*, C*, Bash*
Frameworks	**Django**, **Nest.js**, Express.js, Django REST framework, **Next.js**, **React**, Tailwind CSS
Dev Tools	Git, AWS, Microsoft Azure, Vim, Shell-Scripting*
Databases	Postgresql, Mongodb, Redis

* elementary proficiency
